

PPE Conference 2010

Personal Protective Equipment

New Technologies - Standards - Training for Emergency Response | Fort Lauderdale, FL | 29 November - 03 December

The Technical Support Working Group (TSWG) conducts the U.S. national interagency research and development program for combating terrorism through rapid research, development, and prototyping. The Chemical, Biological, Radiological, and Nuclear Countermeasures (CBRNC) and the Personnel Protection (PP) subgroups within the TSWG are hosting PPE 2010 to further the research and development of new and innovative technologies. Sponsor support includes: the National Institute of Justice, the Department of Homeland Security, the National Personal Protective Technology Laboratory, the International Association of Fire Fighters, and the National Fire Protection Association.

The PPE 2010 Conference will provide the TSWG and its partners with a forum to highlight emerging technologies in the area of personal protective equipment. PPE 2010 will include an exhibition of new technologies from PPE vendors, focused briefings on emerging PPE capabilities, and a seminar series on standards and next-generation tools. Join us for extensive networking opportunities and break-out session discussions on the future directions for PPE research and design.

REGISTRATION: Registration opens July 2, 2010. To register go to the CTTSO homepage www.cttso.gov and click on the Personal Protective Equipment Conference banner.
